Dated: 02nd August, 2016

OFFICE MEMORANDUM

Sub: Immediate settlement of Pending revision of pre-2006 pension cases in view of the impending 7th CPC Pension Revision.

The pension revision due to 7th CPC is shortly going to start. It has been constant endeavor of CPAO that correct and timely pensionary benefits, due on the revision of pension, are credited to the accounts of pensioners by the banks. The forthcoming 7th CPC revisions should also provide correct and timely pensionary benefits to the pensioners/family pensioners. However, correct revision of 7th CPC cases depend upon the correctness of the revisions of 6th CPC cases as that will provide base for revisions. Therefore, all pending pre-2006 pension cases should have been revised before applying 7th CPC revision. Despite all our efforts, still 44,417 cases **(Annexure)** of pre-2006 revisions are pending against UTs/Delhi Administration which is a serious cause of concern. Details of these cases are available under Administrators& PAO logins on CPAO website. For the settlement of these pending cases, various OMs have been issued by the CPAO from time to time; however, no significant progress has been made to clear the pendency.

In the absence of 6th CPC revision, banks will revise these cases on the basis of existing pension presently being drawn by the pensioners/family pensioners wherein possibility of excess/under payment under 7th CPC pension fixation cannot be ruled out.

In view of above, UTs/Delhi Administration are requested to review the status of unrevised pension cases under 6th CPC and make efforts to revise these cases urgently to avoid incorrect fixation of pension under 7th CPC and resultant overpayments/underpayments by banks& grievances /court cases by pensioners.

Sanjay Singh

Chief Controller (Pensions)

Encl.: As above

To,

Administrators of UTs/Delhi Administration (As per list attached)
